Authorization for this examiner's amendment was given in a telephone interview with Henry Young on October 18, 2004.

The application has been amended as follows:

Claim 10, line 2 delete "21" and insert "28"

Insert new title of the invention:

Preparation of elastomer with exfoliated clay and article with composition thereof.

Examiner's Statement of Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: I

In the amendment supplied by the applicant's new process claim requires that the addition of coupling agents be subsequent to the intercalation process. In the prior art of record coupling agent is added to the composition with the rubber. Therefore the prior art of record does not teach subsequent addition of coupling agent to the intercalated clay.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Katarzyna Wyrozebski whose telephone number is (571) 272-1127. The examiner can normally be reached on Mon-Thurs 6:30 AM-4:00 PM.
